The customer was so impressed he just asked if Jock could deliver on the Wednesday

We are getting so many good news stories from our dealers with our new model range, and we can't wait for the All-New Avenger to arrive in the next 2 weeks.

We have so many new and exciting things about to be released to our dealers in the coming weeks! Talk to your Relationship Manager today.

Despite the lockdown (as is the case with Jock at Wagga) it is also encouraging to see our dealers still open and taking care of essential business and ensuring those in need are looked after.
