## Serial Number Locations

### BANDIT

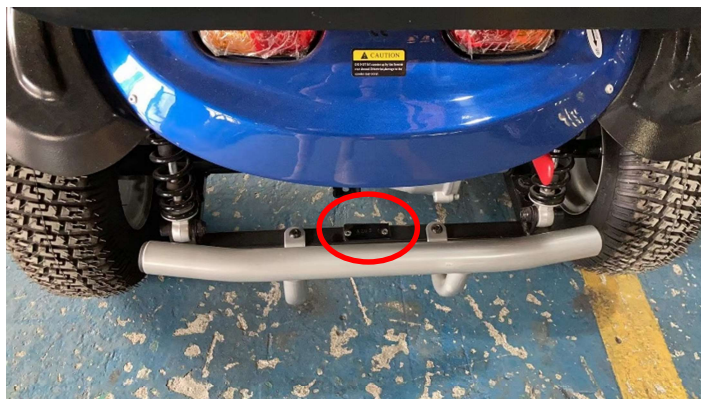

White Sticker wrapped around the seat post of the scooter

### DAYTONA, BLAZER, CHARGER, EVEREST, MUSTANG, AVENGER & SAFARI

White sticker located under the floor mat (you need to pull up the floor mat) will have a barcode & serial number. This sticker is only about the size of your thumb. There is a secondary scooter serial number sticker attached to the motor which is identical (not the actual motor serial number)

### PHANTOM

Small black plate attached to frame at rear of scooter. Please add an "L" to the front of this number

### EMPEROR & ALBATROSS

Plate on the frame under the seat, near batteries. Please add an "L" to the front of this number

### Serial Number Locations

#### TRANZFORMA

On the bottom of the frame, lift/tilt up from where the footrest is on the powerchair section and there is a plate with number stamped onto it. The full serial number in this instance (as recorded on our system and the customers invoice) is P450159-M480159.

#### GLIDER

Remove the padding on the back seat framework at the top and the serial number is stamped into to frame

#### BRUNO

When chair is folded up you will easily find serial number located on the inside of the side frames. It's a bar coded sticker
